EDUCATION

Austin Coding Academy, Austin Tx —JavaScript Full-Stack

March 2019 - Nov 2019

Studied web development based around javaScript, and industry best practices

PROJECTS

Battle Ship, Brick Breaker, Onion Man, Tic Tac Toe—

These are some of my first projects games made to play like the classic games.

Skills used: HTML, HTML canvas, CSS, JavaScript, and Phaser

MyGarden Buddy—

App designed to help novice gardeners by providing an easy to use reference for your plants specific needs. I'm working on adding a smart phone interface with to remotely water and monitor plants using a Raspberry PI.

Skills used: JavaScript, Node.js, React, Redux, CSS, MySQL, HTML

EXPERIENCE

Self-Reliant Solar, Austin Tx — *Electrician*

Feb 2017 - Sep 2019
